# GET TO KNOW US

Petroservices Mediterranea SRL Company (PTS) is a leading provider of specialized services to the oil and gas industry. Our customers rely on PTS for access to strategic knowledge, assets and resources that make their operations more agile and competitive. Founded and headquartered in Italy since 1988, PTS is known for its customer service and commitment to innovation.

PTS works with highly skilled professionals and expert partners to deliver a range of specialized services, including Tubular Running Services, Well Testing, LPT, Control Line Installation and on site Fire Services.

## A TRADITION OF EXCELLENCE...

Our company built its reputation on the quality of its Tubular Running Services. Continual reinvestment in our knowledge and expertise enables us to innovate and develop advanced capabilities in areas like Well-Testing, where we deliver detailed research, attentive control and efficient data management.

Today, PTS is an experienced leader in delivery of equipment, software and onsite services.

# ...AND RESPONSIBLE LEADERSHIP

PTS maintains ISO 9001:2008 (Quality Management System) and BS OHSAS 18001:2007 (Occupational Health & Safety) certifications, attesting to our high service standards. Customers are assured that the equipment, software and service professionals they rely on are state-of-the-art, knowledgeable and fully compliant.

We share our client's commitments to protecting the environment. Our ISO 14001:2004 (Environmental Management Systems) certification is evidence of our high environmental standards. Our customers feel confident that working with PTS will ensure minimal impact on the surrounding ecosystem and reduce the potential for liability or reputational impact.

## PTS MED: A PARTNER FOR YOUR FUTURE

More than 25 years of experience in a highly competitive and risky industry has gifted us with amazing customers and partners. We have opened our channels to the international industry and are proud of collaborating with many of the largest E&P companies on the international market.

We secure our partnerships by providing services that focus on the needs and benefits of our customers. Our strong vision and values help us play a vital role in highly successful international projects.

We look forward to collaborating with you.

# Total Quality Management Services

**PTS-MED**

E&P is a demanding and challenging industry. At PTS, we demand excellence from our teams, so you can focus your attention and resources elsewhere.

Our investment in Total Quality Management ensures you can pursue successful projects with the confidence that you have the best technology and skill sets in the industry at your disposal.

Whether you need tubular running, well testing-LPT or dual completion line installation, PTS has the expertise you need to get the job done.

# A VISION FOR LEADERSHIP

To be a leader in the oil and gas industry, recognized by its customers for trustworthy and high quality services, impeccable custom care and positive experiences.

# DEFINES OUR MISSION

To make our customers more successful through delivery of technology, technical expertise and outstanding services for well construction, well completion and well performance evaluation.

# VALUES YOU WANT IN YOUR SERVICES PARTNER

## **Safety:**

We are committed to an incident-free workplace and environmental awareness. All of our people are fully qualified with the appropriate certification.

## **Respect:**

We respect the world in which we operate. It begins with compliance with laws and regulations. We hold ourselves to the highest ethical standards and behave in ways that earn the trust of others.

## **Integrity:**

We believe that by treating our clients, people and suppliers fairly and with respect we will earn their trust and build sustainable success together.

## **Excellence:**

We deliver what we promise and add value that goes beyond what is expected

## **Innovation:**

We continuously invest in the development of our people and technology to improve efficiency and provide innovative solutions for our customers.

## **Performance:**

We are predictable and reliable in our performance. We always strive for excellence in everything we do in order to achieve superior business results.

## **Collaboration:**

We are locally sensitive and globally aware. Our people work together, leveraging our global know-how and capabilities to build sustainable local businesses.

# LOCATIONS

Our customers rely on our services to keep their operations running smoothly in some of the world's most challenging geographies. Our distributed assets and knowledge of local regulations, help our customers protect their investments and their brands.

Today we operate and support our customers' business from several locations across the Mediterranean region. From our headquarters in Italy, to the shores of Morocco, we bring our customers closer to the people, processes and technologies they need to succeed.

As the E&P industry evolves, we continue to invest in our reach and capabilities. With planned expansions into the Asia-Pacific region, our customers know that they can rely on PTS-Med to support their business now and into the future.

# WHO WE HELP...

Our experience of more than 25 years in a highly competitive and risk-fueled industry has rewarded us with amazing customers. PTS has become a favourite partner for E&P companies operating in the most demanding of environments. Our deep understanding of their challenges and the conditions in which they must operate creates a recipe for trustworthy and long-lasting partnerships.

We have opened our channels to the international industry and we are proud to have been chosen by E&P market leaders across Europe and Africa.

We secure our partnerships by providing services that focus on the needs of our customers. Our strong vision and reliable values have helped us play an important role in numerous highly successful and prestigious international projects.

# ...IS WHO WE ARE

PTS will continue fostering and developing strong connections with our customers around the world. Our relationships are based on experienced delivery of reliable services and a close attention to the well-being of our customers.

Our steady growth has allowed us to learn about new cultures and integrate in our system values that benefit our customers and partners. As we continue to prove our leadership position on both the local and international market, our customers benefit from the knowledge, assets and people we attract as we grow.
